Milan, February 16th, 2017

Dear Colleagues,

It is my great pleasure to write this letter in support of Japanese CKD-MBD Forum. As you well know, 5 years we were able to create in Europe the CKD-MBD Working Group on behalf of ERA-EDTA. Now, we are happy and honored to start a collaboration with other scientific groups that are interested in this field of nephrology.

Based on my observation of your abilities, I strongly believe you have the potential to continue outstanding research in nephrology. I therefore wish you all the best for your first CKD-MBD Forum.

Please do not hesitate to contact me for more information about our activities.

Yours Sincerely,

Professor Mario Cozzolino, MD, PhD, FERA, FASN
Chief of Renal Unit San Paolo Hospital, Milan
Associate Professor in Nephrology
Chair of School of Nephrology
Chairman ERA-EDTA working group on CKD-MBD
